Hey there everyone... What a wild ride the end of 2025 is becoming... Seems I haven't got time to scratch so this will be a very quickly thrown together newsletter, Hopefully I can remember everything that needs to go in it...

Umm, read on, take note and hope to see you all soon somewhere in the pie... Have a great Christmas, Happy New year and keep safe and well over this holiday season.

Cheers Jayme

CHRISTMAS LUNCH 7th Dec

MILANG 17 & 18 Jan

Woo Hoo...

Grant Success for our Club.

In the recent months we have applied for several grants to help set up the Club for WPG projects and to better our ability to teach new skills and to help us make our upcoming Rally the best it can be.

We have been fortunate enough to secure \$27,500 for tooling and metalworking equipment which we have bought to make tinware, cooling tanks, guards, and various other needed bits for our restorations.

New equipment includes Lathe, Sheet Metal folder, guillotine, bead roller, sheet curver/roller, dollies, Tool chests, specialist tools and the such.

We have also secured 2 other grants totaling just under \$10,000 which will enable us to have our rally as a free entry event and pay for the Tractor Pull sled hire and team, the portable toilets and other essential infrastructure that we need.

We are eternally grateful for these grants as they will benefit our club no end, both in allowing us to host a spectacular event, enabling entry to those who would not normally show interest and bettering our skills, abilities techniques and restorations.

Pinnaroo Show 2025.

Lyam, Jeremy and Nicky & Steff attended with a Bulldog tractor, a Field Marshall tractor and a big Tonka Dump truck.

Thankyou to Jeff for driving the transport, Nicky for keeping an eye on them and Nick for making up some starting cartridges for the demonstrations.... And Lyam & Jeremy for representing the club.

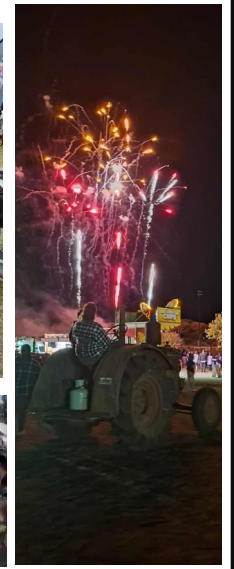

Coonalpyn Show

Work stuffed up my plans so it was left to Nick, Lyam & Jeremy from this end, Peter Saint from Meningie and the Twartz's from Coonalpyn. They did us proud yet again.

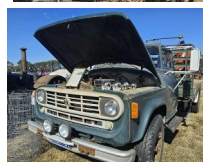

Murray Bridge Show.

This years MB Show we had a ripper turnout.. And the best display that I've seen in years. All the Club Tractors were out on display for Kids photos and they were well photo'd... lots of the Club engines were chuffing away. We had new members bring engines to play with, we had variety, we had colour and we had everything running... except one engine, but that's beyond the point. It was a great weekend.

Callington show.

LYAM'S FIRST "OFFICIAL" DRIVE... and a great display by Nick Mc, Don E, Trevor H and Me. Plenty of people but gotta feel sorry for organisers with really strong winds causing grief across the grounds

MB Christmas Pageant

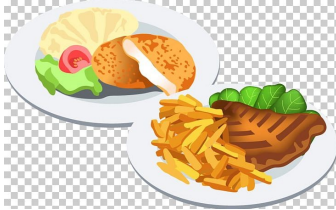

Our Club Christmas get together lunch

WHERE: Swanport Hotel, Murray Bridge

WHEN: Sunday 7th DEC

TIME: Midday for a 12.30 lunch

Order and pay for your own off the menu.

RSVP: ASAP to Jayme (0419037756)

or Kerry (lmvemc@gmail.com)

Lower Murray Heritage Rally

Yes... Our own Club Rally, Its in the planning stages, We have had to shift dates to avoid clashing with other local events and close by rallies, so... April 18 & 19th it is.

Lots more info to come, come along to a meeting or let us know if youre keen to help in any shape, way or form.

Nick & Jayme are lead organisers, Jack is going to be sorting everything tractor pull, Kerry and Annabell will be looking after market stalls and family entertainment, Ian is looking after Steam...

Any and all help greatly accepted.

If you think you have an idea for something that will be a drawcard, that will add and be good for our show... please speak up

Attractions, Catering, Family interest, Sponsorship, Help, Participation, Attendance, Advertising, Promotion, Set up, Clean up.... It all makes for a spectacular weekend.

Let any of the abovementioned people know if you have something to offer.

Cheers Jayme

126th Lakegold Smith Steam & Vintage Rally 2025

Lyam, I and my camera ventured down to Beaufort for the 126th Lakegold Smith Rally that was featuring the 100 years of caterpillar. On the way there we detoured to Mt Gambier, stopping and spending time at the sink hole gardens as well as the blue lake. With a late night arrival at Max Lewis's shed and a rough set up while raining hoping the days ahead would be perfect. Saturday morning rolled around, we woke up to the smell of steam and traction engines rolling past, a beautiful alarm clock if you ask me. During the 3 days spent at the rally Lyam and i where able to have the opportunity to operate a Fowler Z7 plowing engine, 6hp simple fowler traction engine, 8ph compound fowler traction engine, a roundabout balance plow and the local Bob and Bruce's Sentinel steam wagon. We also went and looked at the saw mill demonstration multiple times throughout the 2 days as well as the steam shovel working throughout the 2 days. They were both so mesmerizing to watch work and do its thing, definitely the steam shovel was one of my favorites. Lyam and I are super grateful for being given the chance to operate all of these amazing machines. The Caterpillar display was also amazing ranging from graders and the massive range from cat 10s to a D11 definitely well displayed.

Enjoy the photos.
Cheers Steffanie.

Nick & WPG boys opened the sheds, bought out tractors and set up working displays of a couple engines & Machines for the National Veteran Vehicle Rally participants as we were asked to.... But none of them showed up... NOT ONE... Thankyou to those that made the efforts to get everything out and to be there all the same.
