From the editors desk

Dear members,

Howdy guys and gals, its been awhile. Sorry for the delay in newsletters, there hasn't been a lot submitted to fill it up. Anyway a big thankyou to all that attended the AGM, I think all enjoyed themselves and went away with full Stomachs. Congratulations to all new office bearers, may the year ahead be easy on you. Also congratulations to Ron Freak our new life member, Ron has been in the club since he moved to Murray bridge has served on the committee since, I thankyou for your services to the club. The Subs will stay the same as last year and there will be a form in this newsletter to fill out and return when paying for your subs. Please make sure your email is up to date. ALL CAR MEMBERS Your cars are unregistered as of the 31st of July unless you have payed your subs and had your book signed by Rodney. Regardless if you had it signed a month ago. The clubs shed has had the apron done and smoothed out, thanks to Mick Callis for a great job. Also the playschool kids have got another engine going just in time for the shows 100th birthday. Just on that I ask that all members contribute to the shows 100th birthday by displaying something, we want to make it as big as Possible! Anyhow please read all reports and minutes in this issue. Nick McCue

Lower Murray heritage Rally 2018

Due to lack of support and to short notice of our rally secretary quitting. I'm disappointed to let you all know that our rally wont be going ahead as planned. Unfortunately this is a good fundraiser for our club and one that gets a lot of members involved.

Murray bridge Show 100th Birthday Celebrations

This year we will be putting a huge display on for the show, you are asked to bring what you can and be involved in a once in a lifetime display. Please help us celebrate with a display of cars, engines, bikes, tractors and machinery. If your would like to display a car we will be more that happy to have it behind a fence and be kept safe. Set up is from 8am Saturday. We will have the BBQ running for all meals. The dates are 22nd and 23rd of September. Come support your Club and make it great!

Federation Reps: Rodney McCue, Jake McCue

Property Officer: Bruce nominated **Ian Johnson** (Boots), unopposed, Boots accepted

Newsletter editor: Jeff Klitscher nominated **Nick McCue**, Nick accepted

General Business:

Jayme has acquired a trailer for a tractor sled and has been to see two engineering companies in Murray Bridge in regard to them building the sled. One company is more than happy to undertake the job if the company can source the materials and Jayme is more than happy to do this. One advantage of outsourcing the sled is the welding with comply with Australian standards in regard to metal fabrication legislations.

Subscriptions: Subs to remain the same \$50 full membership, with insurance decreasing from \$18.50 to \$18, Juniors insurance to be covered by the club. However, as many car owners do not attend rallies or other events under the club flag, any member requiring insurance will need to let the secretary know, so the secretary can organise NHMA insurance for club member Rodney moved and Jayme seconded that this change come into effect. AIF, carried.

Signatories: Rodney mentioned the conflict the McCue family hold in regard to becoming signatories due to the large amount of office positions they hold, he asked if the signatories could stay the same. Malcolm Downey opposed this as Jim is no longer holds an office position. Garrie moved and Jayme seconded that Jim is to be removed and Jeff Klitscher added as a signatory. AIF, carried. The other signatories are Kerry McCue, and Jayme Marshall.

Meeting closed: 2.46 pm

Presidents report 2018

The year has passed pretty quickly and my term as President is just about up, so this is the last time you will have to put up with my ramblings for now. Having said that for the most part I have enjoyed my time as your President.

It is difficult to single out members who have done more than their bit for the club but I will name a few in no particular order who have helped me over my term.

Past President Jeff Klitscher who was always available for advice and to steer me in the right direction (I think), Jim and Jo Bland for their efforts as secretary and organizer of the club auction and all the work Jim has done on the shed, Nick Bland who has taken on the Rally for this year, I know what's involved and I wish him well. Rodney the club Register, who has looked after the 105+ vehicles registered through our club. A lot is involved I know and hopefully he's happy to keep his job for the next year. The Playschool boy's, who's efforts have restored club engines and machinery, have set up a great working environment for our club and keeping our shed presentable and organized. I whole heartedly support what your doing, please keep it up. Jayme and jack who are there at just about every rally and show, chomping at the bit to play with engines and to have a yarn. The committee members for their work over the last year, be it attending meeting, rallies and making all the important decisions. The Frahn's and Ambers out there on the front line, travelling all over promoting our little club with such unique and great displays. Anyone one I missed including our everyday members thanks for being part of such a great club.

I'm happy that our club is a part of the upcoming national rally next year. The committee is busy organizing the event and its only getting closer. The last one was a huge success and moneys raised went towards our club shed. We can only hope its going to be just as big. Early indications are looking good with the magnitude of display's already booked. Such a positive thing for our club, town and movement. I am positive this National will be a huge success.

Some things I put forward for the new committee:

- More things submitted for a newsletter, it is increasingly hard to find articles and such of interest. The cost of the publication to be printed is now to expensive and we need more and more emails to make it work. I'm happy to print out some for the non tech savvy members but I would like to keep this to a minimum. Maybe a three monthly email. I've have been super busy with life, wife and kids and have been a bit slack just of late.
- The forklift followed up and fixed, it is unsafe and needs to be addressed well before our rally in September.
- Maybe a sponsorship officer, if anyone is willing to apply. We could try maybe selling shed wall space to sponsors of the club and have their logo on the side of the shed year round. And also someone willing to a application for a community grant, its offered twice a year, any money is good money.

P.T.O

- Would like to see more involvement with the Captain's Cottage Museum in regards to open days/running days. The council has expressed interest in this and I know we've been down this road before but I think we have similar goals. The fielding needs attention and changes to the shed in regards to viewing the engine as well. A suggestion was made that the club could go over the fielding again to bring back to top working order. Council are trying to promote the historical side of things, maybe it could be beneficial to both. The open day was a success and the council would like to see it happen annually.
- The tractor sled needs a committee formed and to assess what needs to be done and an estimate of materials so we can make a start on it. Again I think this can be helped with sponsors and to promote the securing of the dog track for up and coming events.
- I would like to see more social gatherings, local stuff like a BBQ down the river, a fishing comp, treasure hunt, bonfire or pot luck nights. I know its the same people turning up to these gatherings but we have a great time doing it. I think the younger one's would enjoy it.
- The Murray Bridge show celebrates it 100th birthday this year and I would love to see a massive display and support local. We will have our club engines ready for display too.
- Car members memberships worded differently to not need the Nhma insurance as an option. But subs stay the same. As Jim brought up at our last meeting that over \$800 went to insurance for Nhma but the car members haven't needed the level of cover. Maybe the money can be put to the club for playschool or newsletter publishing. I put it to the members to decide.

All in all a year of ups and downs. Plenty of rallies and shows attended with many more to come. The loss of Dawn Shepherd, a loving mother which was always there to talk on the rally field or out the shed at Tailem. Also a few of our members have been doing it tough in the health section too, I wish you all speedy recoveries.

So with that it has been an honour to be your president, and to follow in the footsteps of men of whom I have great respect for, I can only hope that your happy with my term as president and would be only to happy to follow on to the next term. Nick McCue

Playschool

UPDATE

The young ones have been busy in the shed on Wednesdays. Showing off the 1914 IHC Famous which is now running beautifully and will be on display at the Loxton Ag Museum open days in August. Also on the go is a small centrifugal pump and a Ronnie N, both with fresh coats of paint and looking sharp. Well Done Boys!!!

2018 AGM

Palmer Rockarama and Captains Cottage Museum Day 2018

Captains Cottage Museum Open Day and Power of the Past 2018

Do I really have to finish everything before I die?

I had been to Lake Goldsmith and decided I would like to build a ploughman's caravan. Betty asked me ,Why not finish a few of the other things that you have on the go first, such as the 1915 T ford and the Three Titan tractors that are half finished. The comment stopped me in my tracks I caught my breath and decided I had to make a clean sweep of things. "I must reveal all"

It seems to me as long as I'm happy at doing what comes next, does it really matter what I do next?

Many of the projects that I have on the go are waiting for a particular part that I know is around somewhere. Perhaps in some cases I could go out and buy that part but I know it will come along one day at the right price. Then of course some projects are held up because someone else is working on a particular part in their spare time and will finish it one day in due course.

Then I can proceed.

A few of these projects are held for parts but the searching is a pleasure in its self. Sometimes I have been flat out on a project and run into problems that seem insoluble which after going onto another project and having a think about it turns out to no problem at all.

I will drop a project to help someone else and this also gives me great pleasure. I have never been in a situation where I have nothing to do as if I'm not working on one project I am starting another one.

After presenting my point of view to the family they held a meeting and one suggestion was that I sell everything and give it to the kids while I'm still young enough to watch them enjoy it.

Otherwise when I die they are going to have the funeral in the morning and the clearing sale in the afternoon.

They still can't understand that if I finish all my projects there wouldn't be anything left for the next generation to do!.

Let's face it I could not lay there thinking they might be bored.

T.O.M.M magazine No 52 April 1994
